\*The **Getting Started with EQ8** class is an in-depth class for beginners. This class is recommended for those who are very new to EQ software, like a slower pace, and benefit from repetition. Similar content will be covered in the Refresh Your EQ8 Skills class, but at a faster pace.

\*\*The **Refresh Your EQ8 Skills** class is recommended for those who have previously taken a beginner EQ8 class and are looking for a quick refresher before jumping into the other topic-based classes offered at EQ Academy. It is also recommended for those who are new to EQ8 (and haven't taken any previous EQ8 classes), but are computer savvy and catch on to computer techniques quickly.
